

## Description

Use this application to stream MP3 sermons from your favorite Calvary Chapel pastors, affiliate churches and ministries. This application provides a database of MP3's by linking to the URL's listed on thousands of churches and ministry websites. We do not store these MP3's or stream them from our servers.

These MP3 streams are simply linked from those websites through our application. You can search for your favorite pastor, book of the bible, scripture, or sermon title. Our software strips all keywords from these MP3 links and allows our users to search them using the Bible Cast search engine.

Dream it.  
We'll build it.

- Search Pastors
- Find Sermon Titles
- Browse Books of the Bible
- Listen whenever you want
- Mp3 Streaming right from your iPhone
- Submit Your Own Sermons

## Bible Cast 2.0 Instructions

### Bible Cast Search Engine Tutorial

To use the Bible Cast search engine, just simply type a keyword in the search field near the top portion of the Bible Cast application and hit the search button. You can search for your favorite pastors, sermon title, book of the bible, or keyword. The Bible Cast search engine will then populate the area below the search field with the results. Simply click on any result to stream the mp3 audio through your device.

### Menu Items

Near the bottom area of the Bible Cast application you will find four menu items: Pastors, Tutorial, Submit Sermons, and Settings.

**Pastors** - By tapping on this menu item, you will be given the option to search by pastor name and related mp3's listed for that specific person or ministry.

**Tutorial** - By tapping on this menu item, you will see a tutorial on how to use Bible Cast. This is what you are viewing now.

**Submit Sermons** - By tapping on this menu item, you will be given the option to submit your own sermon mp3 links that will be searchable within Bible Cast when approved by our staff.

In order to do this, you will need to first find the mp3 link page on any given church or ministry website, second, copy the URL web address displayed for that specific website page, third, paste it into the sermon mp3 link field along with typing the name of the pastor, church or ministry within the description field. After you have put in the information required, simply tap "submit". Your link will then be sent to our staff for review.

**Settings** - By tapping on this menu item, you will be given several options on how you want your results to be displayed. The four options are listed below:

Alpha Numeric Up - display results from A-Z  
 Alpha Numeric Down - display result from Z-A  
 Numeric Up/Down - display results from 1-30  
 Numeric Down/Up - display result from 30-1
